

Bethersden Primary School

Accessibility Plan

At Bethersden Primary School we are committed to an inclusive curriculum and increasing access to the school's facilities for all by:-

- a) Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- b) Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- c) Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse affect on his or her ability to carry out normal day-to-day activities.

PUBLICISE THE PLAN

Ensure the full plan is available on request in a variety of formats (large print and electronic)

Add to school website policy list so available to all

Staff training and feedback

IMPLEMENTATION

Implement the plan by allocating adequate resources in the financial plan

EVALUATE THE PLAN

Consider:

- Is there greater satisfaction of disabled pupils and their parents with the provision made for them?
- Evidence of the greater involvement of disabled pupils in the full life of the school
- Observable changes in staff confidence in teaching and supporting disabled pupils with a range of needs
- Audit on the main curriculum areas
- Progressive improvement to the physical environment of the school
- Information for pupils available in a range of formats

ENSURE THE FUTURE OF THE ACCESSIBILITY PLAN

The plan should become less of an independent strategy and more of a thread running through all the school's plans and policies including:

- Plans related to capital works and premises management
- Curriculum
- Information technology support services
- Staff training and associated services.

This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Asset Management Plan
- Behaviour Management Policy
- Curriculum Policy
- Business Continuity Plan
- Equal Opportunities Policy
- Health & Safety Policy
- Race Equality Policy
- School Brochure(s)
- School Improvement Plan
- Special Educational Needs Policy
- Staff Development Policy
